A Special Message from Your Resident Services
Building Managers

Congratulations, you made it to week 10! It feels like just yesterday that our parking lots were filled with misty-eyed parents and eager new faces walking through the halls.

We invite you to look back at this year and see how far you’ve come, from the moment you walked into your room for the first time and all that you have learned along the way. You’ll come to find that some of the best lessons are not always given in a lecture hall; they happen when you least expect it. This year you may have learned that:

- Eating French fries every day isn’t sustainable
- There’s probably premade flashcards for your courses on Quizlet
- Amazon Prime is life
- Starbucks is also life
- The RSO and RAs are your lifeline when you get locked out in your towel
- A quarter goes by in the blink of an eye
- Cramming the night before an exam might not be the best idea
- Your roommate doesn’t have to be your best friend but you still love and respect them
- There’s tons of opportunities to leave your mark on campus
- This is where you belong

As you look back, you may realize it’s the simple things that you might have taken for granted in the moment that make the best memories. We hope you leave here having made some of the greatest friendships and memories that last you a lifetime.

During your time here, we’ve seen you grow in many ways. We are proud of you for making it this far and are cheering you on as you finish that last paper of freshman year. Keep going, never stop exploring, and always be true to yourself. Thank you for filling our halls with joy, drama, and laughter. We wish you all the best next year and in your future!

Sincerely,

More Than a Game  
By: Aaron Hipolito

First-year Jarred Euseboi catches the ball on the left wing, right outside the three-point line. Euseboi surveys the floor and retreats into a triple threat, focused on finding the best way for his team to get a bucket. He jab steps into a hawkish defender and follows it up with a crisp pump fake that the defender bites on, giving Jarred space to operate with. He puts the ball on the floor with his right hand, crosses to his left, and discovers a pocket where he can slip a pass through to his towering big man. Jarred takes one more dribble towards the basket and sneaks a bounce pass in-between two defenders to his big man, who sinks the open lay up. Much to the dismay of the other team, Jarred and his squad are up by twenty points.
7 Sun Safety Tips

1. Use sunscreen that offers broad-spectrum (UVA and UVB) protection and reapply every two hours
2. Apply sunscreen before putting on clothes to avoid missing any spots
3. Be mindful of sunscreen expiration dates as ingredients lose effectiveness over time
4. Try to use water-resistant sunscreen, which offers protection if you sweat or swim
5. Prevent dehydration by drinking plenty of water and avoiding surgery and caffeinated drinks
6. Wear UV-blocking sunglasses and a broad-brimmed hat to protect your eyes
7. Seek shade whenever possible
